KGiSL INSTITUTE OF TECHNOLOGY

INTERNAL QUALITY ASSURANCE CELL (IQAC)

Implementation details of Innovative Teaching Practices

Year / Semester / Section: II / IV /A & B	**Degree & Branch:** B.E.CSE
Course Code: CS8491	**Course Name:** Computer Architecture
Unit: I	**Topic:** MIPS Addressing
Activity Chosen: Class Polling	

**Details of the Implementation:**
- Faculty explains the concept of User defined Exception Handling and its need in the classroom.
- At the end of the class, students are instructed to form groups and discuss/debate on how to create User defined Exceptions.
- Each group explains the concepts and handling mechanisms.
- Faculty records their proceedings and measure students' progress before and after implementation

Benefit of the practice:

Through this activity, the students will be able to explore the need for User defined exceptions and methods to handle them. This activity provides an opportunity to create exceptions on their own.
