

# GREEN CAMPUS POLICY

**KGiSL** Institute of Technology

## KGISL INSTITUTE OF TECHNOLOGY

(Approved by AICTE, New Delhi; Affiliated to Anna University, Chennai)

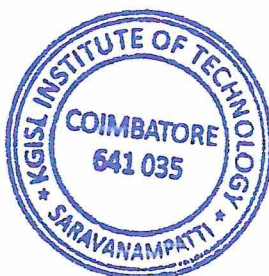

365, KGiSL Campus, Thudiyalur Road, Saravanampatti, Coimbatore – 641035.

## GREEN CAMPUS POLICY

A Green Campus policy is an important aspect of promoting sustainability in Colleges.

1. **Energy Conservation:** The College will strive to reduce Energy consumption and promote Energy conservation through initiatives such as Energy-efficient Lighting, Heating and Cooling, Equipment and appliance upgrades. The College will also explore Opportunities to use Renewable Energy, such as Solar or Wind Power.
2. **Water Conservation:** The College will promote Water Conservation through initiatives such as Water-efficient landscaping, Low-flow fixtures and leak detection and repair.
3. **Waste Reduction and Recycling:** The College will promote waste reduction and recycling through initiatives such as Composting, Paper reduction, and responsible Waste Management Practices. The College will also encourage the use of reusable items such as water bottles and utensils.
4. **Sustainable Transportation:** The College will promote sustainable transportation options, such as public transit, Carpooling, Biking, and Walking, to reduce Carbon emissions and encourage healthy lifestyles.
5. **Green Building Standards:** The College will adhere to Green building standards in Construction and Renovation projects to reduce Energy consumption and promote Environmental sustainability.
6. **Sustainability Education and Outreach:** The College will educate and engage Students, Faculty, and Staff on sustainability issues through Workshops, Events, and outreach initiatives. The College will also provide opportunities for students to get involved in sustainability initiatives on campus and in the community.

## KGiSL Institute of Technology

(Affiliated to ANNA University, Chennai and Approved by AICTE, New Delhi)  
365, KGiSL Campus, Thudiyalur Road, Saravanampatti, Coimbatore – 641035.

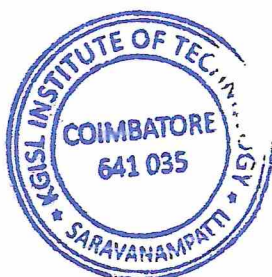

7. **Sustainable Food:** The College will promote sustainable Food practices through initiatives such as sourcing Local and Organic Food, reducing Food Waste, and providing Plant-based options.

8. **Biodiversity and Ecosystem Preservation:** The College will promote biodiversity and ecosystem preservation through initiatives such as protecting natural areas on campus, promoting native plant species, and encouraging research on local ecosystems.

9. **Environmental Justice:** The College will promote environmental justice by addressing environmental issues that disproportionately affect marginalized communities and working towards equitable and sustainable solutions.

10. **Monitoring and Reporting:** The College will monitor and report on sustainability initiatives and progress towards sustainability goals to track progress and identify opportunities for improvement.

Overall, this Green Campus Policy demonstrates the College's commitment to promoting sustainability and Environmental stewardship. The Policy outlines specific actions, targets and encourages Students and Staff engagement to achieve these Goals. By adopting this policy, the College can serve as a model for sustainable practices and promote a more sustainable future. A Green Campus policy is an important aspect of promoting Sustainability in Colleges.
